SPECIAL GENERAL MEETING - TUESDAY 16 MAY 2006

As noted in the last newsletter, a Special General Meeting is being held on Tuesday 16th May 2006 at the club rooms, commencing at 7:30 pm. The main purpose of the meeting is to explain the role of the committee to Club members and to identify people that could possibly take on some of these roles to spread the load and ensure that the Club can take advantage of its wonderful history and great facilities and be successful into the future.

This meeting is most critical for the future success of the Club, so if you have any interest at all in the future success of the Club then you must attend this meeting to assist in putting in place a committee structure to develop a new long term plan and take the Club to the next level of success.
