

Frank Tutchener 10 mile Race Sunday 27 September 2009

Seven intrepid souls set off in freezing conditions on the bike path in Box Hill North on Sunday 27th September. With an Antarctic blast roaring at the starters, the field quickly separated with Chris O'Connor, Bert Pelgrim and Graeme Olden moving ahead of Rachel Johnson, June Petrie, Julie Norney and Megan Sloane.

This order remained the same for the race until two kilometres from the end when Chris O'Connor stretched out and extended his lead over Bert Pelgrim and Graeme Olden. Rachel Johnson followed them in, in fourth place, with Julie Norney and June Petrie crossing the line together, followed by Megan Sloane.

It was Chris's first win in this race in many outings in previous years.
